Āditya Hṛdayam: The Āditya Hṛdayam, a short canto chapter of the Rāmayaṇa (by Ādikavi Vālmiki), offers obeisance to the Sun God. The secret of this eternal stotra is conveyed by Sage Agastya to Lord Rāma, who uses it to emerge victorious over Rāvaṇa. Swamiji unravels the power and mystique of the Sun, offering detailed annotations of each verse. He describes the terms and concepts with great clarity, referencing Taittirīya Samhitā, Taittirīya Upaniṣad, Chandogya Upaniṣad, Srimad Bhagavad Gītā, and more. In this way, we come to appreciate exactly why Āditya Hṛdayam is hailed as one of the greatest tributes to the Sun.
