Swami Sachidanandaji, a disciple of Pujya Swami Dayananda Saraswati, shares the vision of Vedanta in a clear, down-to-earth way. He has hosted many retreats at Swami Dayananda Ashram, Arsha Vidya Gurukulam. He also heads Sri Vasavi Peetam. His versatile talent in Carnatic music bhajans, and veena enlivens satsangs with devotion and joy.

Aṣṭāvakraḡitā presents the nondual truth through a conversation between Sage Aṣṭāvakra and King Janaka.

Its message is profound and bold: real knowledge is seen directly in silent, steady meditation. This text is an advanced text in the study of Advaita Vedanta.

Swamiji will cover selected verses from this text during this retreat along with Q and A sessions.
